

# ROUNDTABLE LUNCHEONS

## A PARTNERSHIP TO HELP EDUCATE & MOBILIZE THE COMMUNITY

The last two years have been difficult in so many ways. The isolation and shutdown of communities have directly impacted virtually everyone, but some vulnerable groups of society more than others. Between March 2020 and March 2021, when the COVID-19 pandemic shut down normal daily routines, more than 100,000 drug overdose deaths were reported in the United States alone (CDC), the highest number of overdose deaths ever recorded in a 12-month period. According to the latest data from the Centers for Disease Control and Prevention, individuals of the 50-and-under age group are now more likely to die from an overdose than any other cause, including heart disease and cancer.

To help address this alarming trend, Second Genesis Foundation and Urbanspace Tysons are joining forces to help assist and mobilize the community in the prevention and treatment of addiction. Through a series of quarterly roundtable luncheons Business Leaders, Parents, Educators, and Restaurateurs can discuss amongst their peers how to help bring awareness, education, and helpful resources to those affected by addiction in the Greater Washington, D.C. region.
